

# PANORAMA

Rehabilitation Clinic for Orthopaedics and Internal Medicine

Special moments are created by special people! Maybe you are such a special person and would like to join our team.

“Reha-Klinik Panorama” is a private rehabilitation clinic with the indications of Internal Medicine / Cardiology and Orthopaedics. Both inpatient and partial inpatient rehabilitation measures (medical treatment and follow-up treatment) are carried out. Our sponsors are statutory and private health insurances as well as the pension providers under existing supply contracts.

The specialist department of Internal Medicine primarily treats patients with cardiovascular diseases. Our holistic method with a particular focus on information, psychological stabilisation and complementary therapies constitutes the essential approach.

For our Department of Internal Medicine we are looking for a

## Specialist for Internal Medicine (m/f)

Your responsibilities include the duties of a ward physician, optionally senior physician activities. We require the verifiably granted license to practice medicine and recognition as a medical specialist (or close to completion).

We offer

- performance-based pay
- a diversified area of activity
- a secure job in a cooperative and friendly team
- training, advanced and further education, team-based or interest-based
